Community projects - South Kanara Area -
communications - construction of a foot bridge
near the Subramanya Temple in No. 10 Tokuru
Village - Estimate - sanctioned

Public (Community Projects) Department.

Memorandum No.9798, Public (C.P.Audit)/53-1, d/- 13-5-'53.

Sub:- Community Projects - South Kanara Area -
Communications - Construction of 2
foot bridges in Thokur village.

Ref:- From the Project Executive Officer, Mangalore,
ref.C.No.1229/53-B, dated 2-5-'53.
From the Project Executive Officer, Mangalore,
ref.C.No.1228/53-B, dated 2-5-'53.

...

It is observed that the Project Executive Officer has submitted for sanction two estimates for foot bridges, both in the village of Thokuru and both for the purpose, negotiating the stream to reach Haleangady market and the elementary school at Thokur. The Project Executive Officer is requested to examine and report whether 1 foot bridge, located in such a way as to meet the needs of all parts of the village, may not be sufficient. A plan covering the two sites proposed, showing therein the location of the village sites of Thokuru, Kamblabethu and Haleangady, as also the elementary school, should also be furnished. The two estimates for foot bridges are herewith returned for reference.

2. Multiplicity of the same type of work for the same village should be avoided so as to conserve necessary resources for financing works of a similar nature for other villages. The Project Executive Officer should aim at 50% contribution in such cases so as to enable the Government to afford the maximum convenience to the largest number of the population.

C.S. Santanagopalan,
Accounts & Special Officer.

Sub:- Community Projects - South Kanara
area - Communications - Cons-
truction of two foot-bridges in
Thokur - Further report - Submitted.

Ref:- Government Memorandum No.9798, Public
(C.P.Audit)/53-1, dated 13-5-1953.

...

Thokur village is cut across by several streams.
This may kindly be seen from the sketch of the village
now enclosed. The two foot-bridges proposed are not
for the same stream as will be clear from the combined
plan. The distance between the two sites is such that
it will not be possible to have only one foot bridge
at a convenient location to serve both the localities
as suggested by the Government.

2. The total expenditure to be borne by the
Community Project for the two works as per my proposal
is Rs.1,650/- at the rate of Rs.825/- each. The average
cost (expenditure to be borne by the Community Project)
per foot-bridge fixed by Government is Rs.1,700/-.
In this case, the cost of both the works is only Rs.1,650/-
which is within the ceiling fixed. As such, if these
works are sanctioned, it will not in any way affect the
needs of other villages. The villagers are mostly
chalgeni tenants or Agricultural labourers. They are
not in a position to contribute anything more than what
they have already promised. I, therefore submit that the
proposals already submitted by me may be approved.

Construction of a foot bridge near the Subramanya temple in
No. 10. Tokur Village

Ref. From the P.E.O. Mangalore - Ref. Cno. 1228/53
dated 11-6-53

Please see the letter from the P.E.O. Mangalore - Copy at p. 5 of.
The P.E.O. had originally enclosed an estimate for sanction with
his letter at p. 1 of. This estimate was returned to the
P.E.O. in memo No 9798 Pub (C.P. Audit) 53-1 dt 13-5-53 -
(Copy at p. 3 of) to report whether one foot bridge may not be
sufficient. The P.E.O. now reports in his letter cited - Copy at
p. 5 of - that both the foot bridges are necessary.

The estimate has been re-estimated and the cost is reduced
to Rs 990 as a result. The P.E.O. has reported that the
Contribution is 25% of the Cost. Hence the public Contribution
may be taken as $\frac{1}{4}$ of Rs 990 or Rs 248/- The balance of
Rs 742/- may now be sanctioned.

A draft order is put up for approval.
The estimate may also be countersigned.

The office note is in complete for want of
details regarding budget provision etc.
However the estimate may be approved
by D.S. as there is much to be spent
w.r.t. the provision made in the C.P.A.
estimate.
